

PSG2 Protein, Human, Recombinant (His)

General Information

Synonyms:	pregnancy-specific β -1-glycoprotein 2;Pregnancy-specific β -1 glycoprotein E;PSBG2;PSG2; Pregnancy-specific beta-1 glycoprotein E;pregnancy-specific beta-1-glycoprotein 7; pregnancy-specific β -1-glycoprotein 7;Pregnancy specific β -1-glycoprotein 2;Pregnancy specific beta-1-glycoprotein 2;pregnancy-specific beta-1-glycoprotein 2
Protein Construction:	Gln35-Thr335
Species:	Human
Expression Host:	HEK293 Cells
Accession:	P11465
Molecular Weight:	43 KDa (reducing condition)
AA Sequence:	Gln35-Thr335

QC Testing

Biological Activity:	Activity has not been tested. It is theoretically active, but we cannot guarantee it. If you require protein activity, we recommend choosing the eukaryotic expression version first.
Purity:	Greater than 95% as determined by reducing SDS-PAGE. (QC verified)
Endotoxin:	< 0.1 ng/ μ g (1 EU/ μ g) as determined by LAL test.
Formulation:	Supplied as a 0.2 μ m filtered solution of 20 mM PB, 150 mM NaCl, pH 7.4.

Preparation and Storage

Stability & Storage:

Lyophilized powders can be stably stored for over 12 months, while liquid products can be stored for 6-12 months at -80°C. For reconstituted protein solutions, the solution can be stored at -20°C to -80°C for at least 3 months. Please avoid multiple freeze-thaw cycles and store products in aliquots.

Actual storage temperature shall be subject to the COA.

Shipping:

Proteins are shipped with blue ice.

Protein Background

PSG2 is a secreted protein that in humans is encoded by the PSG2 gene. It is a member of the human pregnancy-specific glycoproteins (PSGs) family. These proteins are synthesized in large amounts by placental trophoblasts and released into the maternal circulation during pregnancy. PSG2 consist of a single N domain, with structural similarity to the immunoglobulin variable domains, followed by a variable number of immunoglobulin constant-like A and/or B domains. It has an arg-gly-asp (RGD) motif, which has been shown to function as an adhesion recognition signal for several integrins, in the N-terminal domain.
