

Ormutivimab

Chemical Properties

CAS No. : 2449086-91-1

Formula:

Molecular Weight:

Storage: -20°C for 1 year
Actual storage temperature shall be subject to the COA.

Biological Description

Description	Ormutivimab (rhRIG), a recombinant human monoclonal antibody designed to target the rabies virus, effectively neutralizes various strains and demonstrates strong efficacy as a post-exposure prophylaxis (PEP) treatment in model studies [1] [2].
Targets(IC50)	Others
In vivo	Ormutivimab, at a single dose of 20 IU/kg administered via intramuscular injection, conferred protection to beagles against the lethal challenge of RABV BD06. Similarly, a single intramuscular injection of Ormutivimab, at dosages of 20 IU/kg and 100 IU/kg, provided protective immunity to Kunming mice subjected to various rabies virus strains.
