

alpha-Cobratoxin

Chemical Properties

CAS No. : 769933-79-1

Formula:

Molecular Weight:

Keep away from moisture

Storage: Powder: -20°C for 3 years | In solvent: -80°C for 1 year

Actual storage temperature shall be subject to the COA.

Biological Description

Description

Alpha-Cobratoxin, a neurotoxin isolated from Thai cobra venom, displays neuromodulatory, antiviral, and analgesic activities, as well as potent immunosuppressive effects in the treatment of acute and chronic multiple sclerosis. It is currently under investigation for its potential application in adrenomyeloneuropathy [1].
