

## Advanced glycation end products

### Chemical Properties

CAS No. :

Formula:

Molecular Weight:

Store at low temperature

Storage:

Powder: -20°C for 3 years | In solvent: -80°C for 1 year

Actual storage temperature shall be subject to the COA.

### Biological Description

Description	Advanced glycation end products are the outcome of non-enzymatic glycation reactions involving biomolecules such as proteins, lipids, nucleic acids, and reducing sugars. Advanced glycation end products are frequently employed in investigating pathological mechanisms associated with diabetes, ageing, and chronic diseases.
Targets(IC50)	Advanced Glycation End Products
