

4-Hydroxy-3-Nitrophenyl Acetate-KLH

Chemical Properties

CAS No. :

Formula:

Molecular Weight:

Storage:

Keep away from direct sunlight,Store at low temperature

Powder: -20°C for 3 years | In solvent: -80°C for 1 year

Actual storage temperature shall be subject to the COA.

Biological Description

Description	4-Hydroxy-3-Nitrophenyl Acetate-KLH is a hapten-protein conjugate serving as a carrier protein for immunological studies. 4-Hydroxy-3-Nitrophenyl Acetate-KLH facilitates the generation of hapten-specific immune responses and is frequently employed to investigate antibody production, antigen presentation, and immune system activation mechanisms.
