

SDS-PAGE Protein Loading Buffer (5x)

Chemical Properties

CAS No. :

Formula:

Molecular Weight:

Storage: Store at low temperature
-20°C for 1 year
Actual storage temperature shall be subject to the COA.

Biological Description

Description	TargetMol's SDS-PAGE Protein Loading Buffer (5x) is a highly concentrated buffer optimized for SDS-PAGE electrophoresis. It is designed for protein sample preparation under denaturing conditions, enabling efficient protein separation and analysis. This product contains SDS, DTT, glycerol, bromophenol blue, and other key components to ensure thorough sample denaturation, optimal electrophoretic migration, and clear loading visibility.
