

6 TMR Tre

Chemical Properties

CAS No. :

Formula: C74H86N6O28

Molecular Weight:

Keep away from direct sunlight

Storage: Store at -20°C

Actual storage temperature shall be subject to the COA.

Biological Description

Description	6 TMR Tre is a versatile dye that serves as an essential tool in biological experiments. It aids researchers in visualizing and analyzing cell structures, tracking biomolecules, assessing cellular functions, differentiating cell types, detecting biomolecules, studying tissue pathology, and monitoring microorganisms. Its applications range from basic scientific research to clinical diagnostics. Additionally, dyes like this one are widely used in traditional fields such as textile dyeing, as well as in emerging areas like the treatment of functional textiles, food coloring, and dye-sensitized solar cells.
Targets(IC50)	Others

Inhibitor · Natural Compounds · Compound Libraries · Recombinant Proteins

This product is for Research Use Only · Not for Human or Veterinary or Therapeutic Use
