

## Murine cardiac troponin I peptide

## Chemical Properties

CAS No. :

Formula:

Molecular Weight:

Keep away from moisture

Storage:

Powder: -20°C for 3 years | In solvent: -80°C for 1 year

Actual storage temperature shall be subject to the COA.

## Biological Description

Description	Murine cardiac troponin I peptide (Murine cardiac TnI peptide) is a peptide derived from mouse cardiac troponin I (cTnI). It can induce severe myocardial inflammation in mouse models, leading to fibrosis, heart failure, and increased mortality. This peptide is utilized in heart failure research.
