

## 2'-Deoxy-5-Fluorouridine 5'-phosphate triethyl ammonium salt

### Chemical Properties

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| CAS No. :         | 134-46-3                                                        |
| Formula:          | C <sub>9</sub> H <sub>12</sub> FN <sub>2</sub> O <sub>8</sub> P |
| Molecular Weight: | 326.17                                                          |
| Appearance:       | no data available                                               |
| Storage:          | Powder: -20°C for 3 years   In solvent: -80°C for 1 year        |

### Biological Description

|             |                                                                                                                                                                                                |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description | 2'-Deoxy-5-Fluorouridine 5'-phosphate triethyl ammonium salt is a useful organic compound for research related to life sciences. The catalog number is TNU1203 and the CAS number is 134-46-3. |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### Preparing Stock Solutions

|       | 1mg       | 5mg        | 10mg       |
|-------|-----------|------------|------------|
| 1 mM  | 3.0659 mL | 15.3294 mL | 30.6589 mL |
| 5 mM  | 0.6132 mL | 3.0659 mL  | 6.1318 mL  |
| 10 mM | 0.3066 mL | 1.5329 mL  | 3.0659 mL  |
| 50 mM | 0.0613 mL | 0.3066 mL  | 0.6132 mL  |

Please select the appropriate solvent to prepare the stock solution, according to the solubility of the product in different solvents. Please use it as soon as possible.
