

According to the UN GHS revision 8

Creation Date: June 02, 2024

Revision Date: June 02, 2024

## 1. IDENTIFICATION

### 1.1 GHS Product identifier

Product name: Dibutyl sebacate

Catalog Number: T8010

CAS Number: 109-43-3

### 1.2 Other means of identification

Other names: -

### 1.3 Recommended use of the chemical and restrictions on use

Identified uses: no data available

### 1.4 Supplier's details

Company: Targetmol Chemicals Inc.

Uses advised against: 36 Washington Street, Wellesley Hills, Massachusetts 02481 USA

Tel/Fax: (781) 999-4286

### 1.5 Emergency phone number

Emergency phone number: 781-999-4286

Service hours: Monday to Friday, 9am-5pm (Standard timezone: UTC/GMT -5hours).

## 2. HAZARD IDENTIFICATION

### 2.1 Classification of the substance or mixture

Not classified.

### 2.2 GHS label elements, including precautionary statements

Pictogram(s):

Signal word: No signal word

Hazard statement(s): none

Precautionary statement(s):

Prevention: none

Response: none

Storage: none

Disposal: none

### 2.3 Other hazards which do not result in classification

no data available

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

### 3.1 Substances

| Chemical name    | Common names and synonyms | CAS number | EC number |
|------------------|---------------------------|------------|-----------|
| Dibutyl sebacate | -                         | 109-43-3   | 203-672-5 |

#### 4. FIRST-AID MEASURES

##### 4.1 Description of necessary first-aid measures

###### General advice

no data available

###### If inhaled

Fresh air, rest.

###### Following skin contact

Remove contaminated clothes. Rinse and then wash skin with water and soap.

###### Following eye contact

First rinse with plenty of water for several minutes (remove contact lenses if easily possible), then refer for medical attention.

###### Following ingestion

Rinse mouth. Rest.

##### 4.2 Most important symptoms/effects, acute and delayed

no data available

##### 4.3 Indication of immediate medical attention and special treatment needed, if necessary

no data available

#### 5. FIRE-FIGHTING MEASURES

##### 5.1 Extinguishing media

Carbon dioxide, dry chem.

##### 5.2 Specific hazards arising from the chemical

Combustible.

##### 5.3 Special protective actions for fire-fighters

Use water spray, powder, carbon dioxide.

#### 6. ACCIDENTAL RELEASE MEASURES

##### 6.1 Personal precautions, protective equipment and emergency procedures

Personal protection: filter respirator for organic gases and vapours adapted to the airborne concentration of the substance. Collect leaking and spilled liquid in sealable containers as far as possible. Carefully collect remainder. Then store and dispose of according to local regulations.

##### 6.2 Environmental precautions

Personal protection: filter respirator for organic gases and vapours adapted to the airborne concentration of the substance. Collect leaking and spilled liquid in sealable containers as far as possible. Carefully collect remainder. Then store and dispose of according to local regulations.

##### 6.3 Methods and materials for containment and cleaning up

Collect and arrange disposal. Keep the chemical in suitable and closed containers for disposal. Remove all sources of ignition. Use spark-proof tools and explosion-proof equipment. Adhered or collected material should be promptly disposed of, in accordance with appropriate laws and regulations.

#### 7. HANDLING AND STORAGE

##### 7.1 Precautions for safe handling

## A DRUG SCREENING EXPERT

NO open flames. Handling in a well ventilated place. Wear suitable protective clothing. Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Use non-sparking tools. Prevent fire caused by electrostatic discharge steam.

### 7.2 Conditions for safe storage, including any incompatibilities

Well closed.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### 8.1 Control parameters

#### Occupational Exposure limit values

no data available

#### Biological limit values

no data available

### 8.2 Appropriate engineering controls

Ensure adequate ventilation. Handle in accordance with good industrial hygiene and safety practice. Set up emergency exits and the risk-elimination area.

### 8.3 Individual protection measures, such as personal protective equipment (PPE)

#### Eye/face protection

Wear safety goggles.

#### Skin protection

Protective gloves. Protective clothing.

#### Respiratory protection

Use ventilation.

#### Thermal hazards

no data available

## 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                                         |                               |
|---------------------------------------------------------|-------------------------------|
| Physical state                                          | Liquid                        |
| Color                                                   | Colorless liquid              |
| Odour                                                   | Odorless                      |
| Melting point/ freezing point                           | -10°C(lit.)                   |
| Boilingpoint or initial boiling point and boiling range | 178-179°C/3mmHg(lit.)         |
| Flammability                                            | Combustible.                  |
| Lower and upper explosion limit/flammability limit      | no data available             |
| Flash point                                             | 178°C                         |
| Auto-ignition temperature                               | 690 DEG F (365 DEG C)         |
| Decomposition temperature                               | no data available             |
| pH                                                      | no data available             |
| Kinematic viscosity                                     | no data available             |
| Solubility                                              | DMSO: 32.5 mg/mL (103.35 mM), |
| N-octanol-water partition coefficient                   | no data available             |

## A DRUG SCREENING EXPERT

---

|                                  |                                        |
|----------------------------------|----------------------------------------|
| Vapour pressure                  | 4.69X10 <sup>-6</sup> mm Hg @ 25 deg C |
| Density and/ or relative density | 0.936g/mL at 25°C(lit.)                |
| Relative vapour density          | 10.8 (Air= 1)                          |
| Particle characteristics         | no data available                      |

### 10. STABILITY AND REACTIVITY

#### 10.1 Reactivity

no data available

#### 10.2 Chemical stability

no data available

#### 10.3 Possibility of hazardous reactions

no data available

#### 10.4 Conditions to avoid

no data available

#### 10.5 Incompatible materials

Combustible liquid when exposed to heat or flame; can react with oxidizing materials.

#### 10.6 Hazardous decomposition products

When heated to decomposition it emits acrid smoke and irritating fumes.

### 11. TOXICOLOGICAL INFORMATION

#### Acute toxicity

Oral: LD50 Rat oral 16-32 g/kg

Inhalation: no data available

Dermal: no data available

#### Skin corrosion/irritation

no data available

#### Serious eye damage/irritation

no data available

#### Respiratory or skin sensitization

no data available

#### Germ cell mutagenicity

no data available

#### Carcinogenicity

no data available

#### Reproductive toxicity

no data available

#### STOT-single exposure

no data available

#### STOT-repeated exposure

Repeated or prolonged contact may cause skin sensitization.

### Aspiration hazard

A harmful contamination of the air will not or will only very slowly be reached on evaporation of this substance at 20°C; on spraying or dispersing, however, much faster.

## 12. ECOLOGICAL INFORMATION

### 12.1 Toxicity

Toxicity to fish: no data available

Toxicity to daphnia and other aquatic invertebrates: no data available

Toxicity to algae: no data available

Toxicity to microorganisms: no data available

### 12.2 Persistence and degradability

Dibutyl sebacate was degraded by pure bacterial and fungal cultures over 1 to 4 week incubation periods in shake flask experiments(1). Pure strains of the fungus *Fusarium* were shown to degrade dibutyl sebacate and several other plasticizers(2).

### 12.3 Bioaccumulative potential

An estimated BCF of 77 was calculated for dibutyl sebacate(SRC), using a water solubility of 40 mg/l(1) and a regression-derived equation (2). According to a classification scheme(3), this BCF suggests the potential for bioconcentration in aquatic organisms is low(SRC).

### 12.4 Mobility in soil

The Koc of dibutyl sebacate is estimated as 575(SRC), using a water solubility of 40 mg/l(1) and a regression-derived equation(2). According to a classification scheme(3), this estimated Koc value suggests that dibutyl sebacate is expected to have low mobility in soil (SRC).

### 12.5 Other adverse effects

no data available

## 13. DISPOSAL CONSIDERATIONS

### 13.1 Disposal methods

#### Product

The material can be disposed of by removal to a licensed chemical destruction plant or by controlled incineration with flue gas scrubbing. Do not contaminate water, foodstuffs, feed or seed by storage or disposal. Do not discharge to sewer systems.

#### Contaminated packaging

Containers can be triply rinsed (or equivalent) and offered for recycling or reconditioning. Alternatively, the packaging can be punctured to make it unusable for other purposes and then be disposed of in a sanitary landfill. Controlled incineration with flue gas scrubbing is possible for combustible packaging materials.

## 14. TRANSPORT INFORMATION

### 14.1 UN Number

no data available

### 14.2 UN Proper Shipping Name

no data available

### 14.3 Transport hazard class(es)

no data available

### 14.4 Packing group, if applicable

no data available

### 14.5 Environmental hazards

no data available

### 14.6 Special precautions for user

no data available

### 14.7 Transport in bulk according to IMO instruments

no data available

**15. REGULATORY INFORMATION****15.1 Safety, health and environmental regulations specific for the product in question**

|                                                                          |             |
|--------------------------------------------------------------------------|-------------|
| European Inventory of Existing Commercial Chemical Substances (EINECS)   | Listed.     |
| EC Inventory                                                             | Listed.     |
| United States Toxic Substances Control Act (TSCA) Inventory              | Listed.     |
